There is No Question of Physicalism I87 It is often said that the human sciences have produced fewer results than the admittedly physical sciences Their laws are said to be few and ill established, and their theories to proliferate, and to predict far less than those of ...

### **Why Treaties Work, Don't Work and What to do About It?**

It's a great pleasure for me to be here among a group that is truly fascinated by international politics, especially after a general election in which such issues barely rated a mention My topic this evening is 'why treaties work, don't work and what to do about it?' Rather inelegant in English, I'm afraid But the French version
