light yellow (or white) on either side of a vertical line drawn at the mid-point of the length of the ship, and that the black half should carry a yellow or white cross and the yellow or white half a black cross. With such a design the unmistakable half-and-half pattern first shows itself, and the crosses appear later.

The Story of Scotland's Flags - Flag Institute

for the ship. The flag appears to have had a St Andrew's cross on a blue background at the hoist and a fly of red and yellow with the royal badges of the red lion and white unicorn. The Accounts give us another entry in 1540AD for red and yellow taffeta to make three ensigns, with white taffeta of Genoa to make the crosses.

THE STORY OF THREE SHIPS - Sandyland Chronicle

The HMHS Britannic was the third and largest of the White Star line's large passenger ships. It was launched as a passenger ship, but when World War I broke out, it was converted into a hospital ship. The initials HMHS stand for Her Majesty's Hospital Ship. It was repainted white with a green horizontal stripe and red crosses on the side.
